

Alcoholic Beverage Services

All alcoholic beverages must be served by the concessionaire holding the liquor license (Service Systems Associates) for the facility. No alcoholic beverages may be brought into the zoo premises by the client.

There is a \$100 bar set up fee and a \$75 bartender fee associated with each bar requested for the event. One bartender will be provided for every 100 guests. Additional bartenders may be added to an existing bar for an additional fee.

The bar can be operated as a cash bar, as a hosted bar, or a combination of the two. Drink tickets may be used and distributed to each guest to provide a set number of beverages to attendees. Once tickets have been redeemed, the bar will revert to a cash basis and drinks may be purchased individually by the guests.

A minimum of \$350 in bar revenue is required for all cash bars- if this mark is not reached, the client will be billed for the \$350 amount minus the actual sales.

A “host” full bar in which all drinks (beer, wine, mixed drinks and non-alcoholic beverages) are free to your guests can be made available for a flat fee of **\$14.95 per adult**, not including tax and gratuity, for a three hour period.

A “host” beer and wine bar can be made available for **\$9.95 per adult**, not including tax and gratuity, for a three hour period.

Additional hours can be made available for hosted bars for an additional fee, not including tax and gratuity.

All hosted bars will include non-alcoholic beverages including but not limited to bottled water and assorted sodas.
